Sidewalk in Manila, Philippines

Gideon Lasco ✅
@gideonlasco

Sidewalks are for people. The only way to make Philippine cities liveable is to make them walkable and safe for pedestrians and commuters alike.

Jules Hugot @JulesHugot · Nov 12, 2018

As sidewalks are occupied by ads or vehicles, the only way to walk along the street across MegaMall Ortigas is actually ON the street. #WalkInManila #WalkEDSA @gideonlasco

of sidewalk parking in the Philippines. Yes, BDO is included. Sidewalk parking tolerate this cherished national tradition, and because of our acquiescence. ample of our intolerance and rejection, the NCAP was immediately suspended immediate repudiation thereof.

n ng mukha ang magpark sa sidewalk.

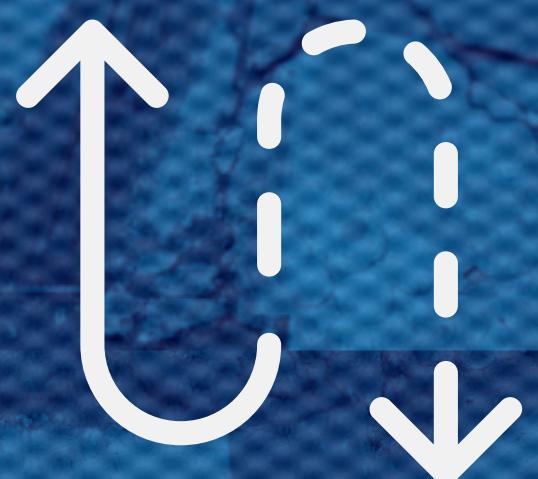

PATHWAY INFORMATION

IS

DECENTRALIZED

Traditional built environment assessments are expensive and time-consuming.

An equity dilemma arises when solutions are provided only where data exists.

Smart tech transforms data collection into a streamlined, budget-friendly process.

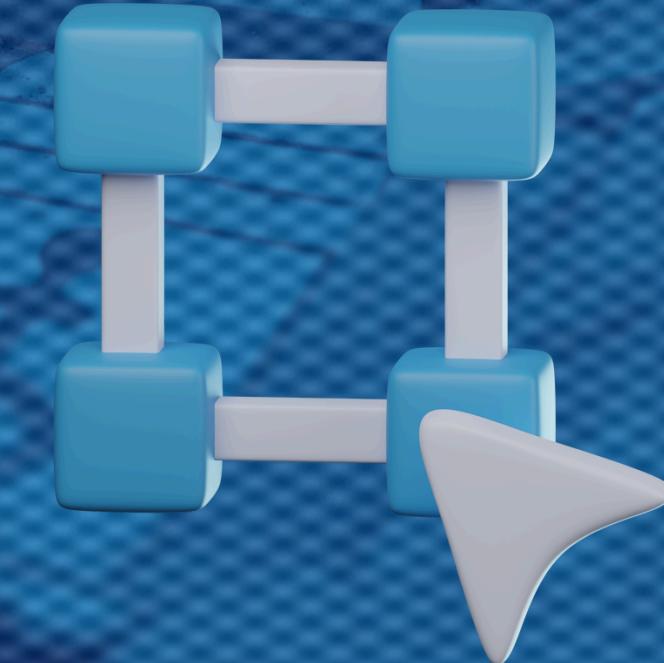

Digital solutions allow anyone, anywhere to collect data, promoting equity.
